Assembly instructions and important information MSW 27

Technical details:

Power supply: 110-240 V / 50-60 Hz
Maximum wattage (thermal):
Recommended bulbs:

Bulb-holder: E27

Protection class: I
Halogen-bulb, 250 W
energy-saving bulbs 23 W

Safety instructions:

- Never cover the luminaire with a cloth – fire hazard!
- This luminaire may only be wired to the mains by a qualified electrician.
Improper connection causes safety hazards!
- Always ensure that the electricity is switched off when working on the luminaire or changing the bulb.
- Have repair work performed only by an authorized electrician, because electrical power can cause severe injuries!
- Some of the lamp components may get very hot in operation! Avoid skin contact with these components to prevent burns.

Care of lamp:

Gently remove slight soiling and fingerprints with a dry microfiber cloth.

Please remove persistent dirt with mild rinsing agent only and subsequently rub down until dry.

Glossy nickel-plated lamp:

In the course of time a silver-colored patina forms on the nickel plated brass parts, which is frequently desired. If you want him surface to retain a **glossy nickel-plated finish** for reasons of appearance, use a **metal polish**.

Mounting the luminaire:

- Mount light fitting to the wall by using the wall plate. Look to the drawing.
- Connect electricity according to connecting diagram.
