

Flutterby
INGO MAURER 2016

Ten hand-made butterfly models flit around the bulb. Flutterby is a limited edition of 200 pieces. The ring is a 3D printed part, the serial number is imprinted in the shade. When choosing the insects for Flutterby, Ingo Maurer picked several black and white butterflies like the Black Swallowtail and the Rice Paper Butterfly but also the Blue Morpho, and a small Brown Moth.

Light source

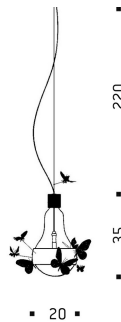

From September 2019 with socket G9, max. 60 W (before: socket B15d, max. 75 W).

Technical data

For 230 or 125 volts.
