

## Abbey P Wall Lamp

Riccardo Giovanetti, 2007

The Abbey Wall Lamp is made with a traditional Murano hand-blown glass technique called *incamiciato* (Italian for “jacketed” or “layered”), where a *Maestro* builds up layers on their *pontil* or *punti* by dipping it in different types of molten glass. Created on a white interior layer of glass, the Abbey comes with either a white or grey exterior layer of glass creating 2 finish options (white/white or white/grey). Its angled, hand-cut edge shows the beauty of these multiple layers of glass while emitting both up and down light. The result is a stunning piece of glass art that is gorgeous in a home, commercial or hospitality setting.
