

COUNTERBALANCE

design Daniel Rybakken

**LUCE
PLAN**

Type: Wall

Light source: LED 16W 2700K⁽¹⁾ CRI 80
800 lm (delivered)
Dimmable (three step 0/50/100%)
Power supply unit with changeable plug and disconnectable DC cable, 100-240V, 50/60Hz, 24V, 630mA max.

Product use: Indoor

Materials: Head in aluminium, stem and counterweight in steel

Colors: Black

Description: An object that seems to defy the laws of physics. Oriented at will in space, the essential counterbalance led lamp evokes – with its variable posture – the dynamic equilibrium of a sculptural mobile equipped with a fluid balancing system using gear wheels. The counterweight compensates for the movements of the long arm and ensures the stability of the diffuser. The lamp is made in black painted steel, with a vaulted aluminium top.

Marking: 

Reference code: 1D7300000501 black

⁽¹⁾The LED lamps cannot be changed in the luminaire
