

633/4/US/BI ruspa

design gae aulenti, 1968

The special feature of La Ruspa is the independent rotation of the four reflectors of each lamp shade. La Ruspa broadcasts a direct and indirect light according to your choice: the reflectors and the articulated arm in a manner to orient the light as one wishes - upward or downward. The structure is in white punctuated aluminum.

Ruspa is available in two versions: one with one arm and two swivel reflectors mod. 633/US another with four arms and eight swivel reflectors Mod. 633/4/US.

The Ruspa is a real collectors piece for those who appreciates Italian classic design. A true mythical lamp!

633/4/US/BI ruspa

family:	ruspa	Body Color:	<input type="radio"/>
Designers:	Gae Aulenti	Diffuser Color:	<input type="radio"/>
Utilization:	indoor	Body Materials:	aluminium
Typology:	table lamps	Diffuser Materials:	aluminium
Certifications:
