

Package Contents

Box 1&2:
Pillar, screws and washers

Box 3:
Leg and support beam

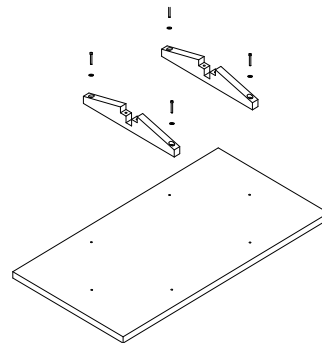

Box 4:
Table top

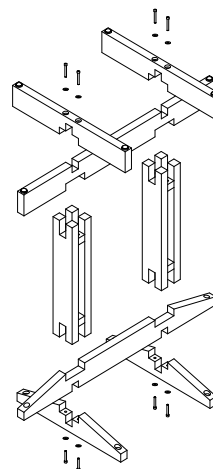

Tools needed: 6mm allen key

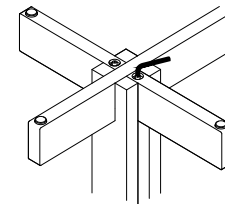

Installation

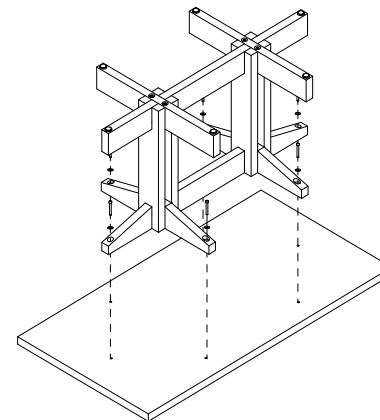

1 Remove supports from table top.

3 Build leg as pictured and fix with eight 90mm bolts and washers.

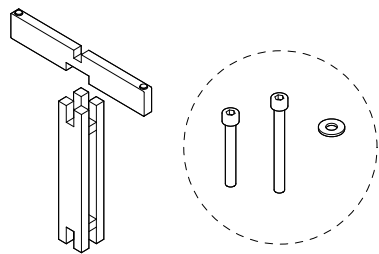

2 Be careful not to tighten too much.
Product not intended for repeated assembly.

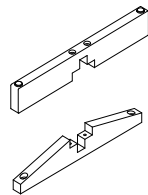

4 Finally, install the table top with the six remaining screws and spacers.
