

Petite Friture

CATALOGUE US 2026

Petite Friture has made a name for itself as a design editor like no other, a universe to lived in with a wholly independant style and tone.

Petite Friture is an expression of unique encounters, intuition, and revelations. Challenge norms. Question the obvious. Take the path less trodden. Curate to achieve fulfilment for ourselves and others. On the cusp of audacity and modernity.

Each encounter is a first step on a new journey. Each project is a challenge to overcome for talented designers and creators, united by the demands of success and a shared understanding of beauty.

Since 2010, their collaborative effervescence has seen Petite Friture create iconic pieces like Constance Guisset's feather-light vertigo suspension, the outdoor furniture line week-end with studio BrichetZiegler, and many other pieces with up-and-coming designers and well-respected studios alike.

Petite Friture is proud to take a stand, to seek out the best solutions at every step of the way, to use the right techniques and right people to better serve the planet and do something good. From an effervescent blend comes a sense of drive, a desire to work towards something sincere.

Transparency, respect, dialogue – our brand is one that seeks a sustainable future for decades to come. Its ambition is to create virtuous beauty that will last for many years to come. In 2023 Petite Friture became a purpose-driven company. Our mission: contribute, through our collections, to making good out of beauty.`

In 2026, we obtained B Corp certification with a score of 91.5. By joining the B Corp community, we chose to measure, question and continuously improve our impact.

01 LIGHTING

PYL

MARIE & ALEXANDRE

Designed by Marie & Alexandre, PYL draws inspiration from pylons and beacons, in an exploration of essential forms. It achieves a perfect balance between tubular structures, cones, and pressed glass disc, paired with polished or painted steel and vibrant colours.
The collection includes pendant, wall, and a floor lamps, all fitted with dimmable lighting options to effortlessly adapt to any setting. Each piece reflects a minimalist aesthetic that explores form, material, and colour.

PYL

MARIE & ALEXANDRE

FLOOR LAMP

Materials: steel, glass
Dimensions: H70,9 in x Ø13,0 in
Weight: 22,5 lb
Technical specificities: Dimmable, IP20, 1150lm, 2700K 15W, CRI 90+, 50/60Hz, 220-240V
Certifications: CE, UKCA

SMALL PENDANT LIGHT

Materials: steel, glass
Dimensions: Ø8,5 in x H21,3 in
Weight: 5,5 lb
Technical specificities: Dimmable, IP20, 970lm, 2700K 10W, CRI 90+, 50/60Hz, 220-240V
Certifications: CE, UKCA

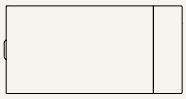

LARGE PENDANT LIGHT

Materials: steel, glass
Dimensions: Ø8,5 in x H43,3 in
Weight: 7,7 lb
Technical specificities: Dimmable, IP20, 970lm, 2700K 10W, CRI 90+, 50/60Hz, 220-240V
Certifications: CE, UKCA

SMALL WALL/CEILING LAMP

Materials: steel, glass
Dimensions: Ø3,1 in x H6,1 in
Weight: 2,0 lb
Technical specificities: Dimmable, IP44, 960lm, 2700K 10W, CRI 90+, 50/60Hz, 220-240V
Certifications: CE, UKCA

LARGE WALL/CEILING LAMP

Materials: steel, glass
Dimensions: Ø3,1 in x H29,5 in
Weight: 7,7 lb
Technical specificities: Dimmable, IP44, 1920lm, 2700K 10W, CRI 90+, 50/60Hz, 220-240V
Certifications: CE, UKCA

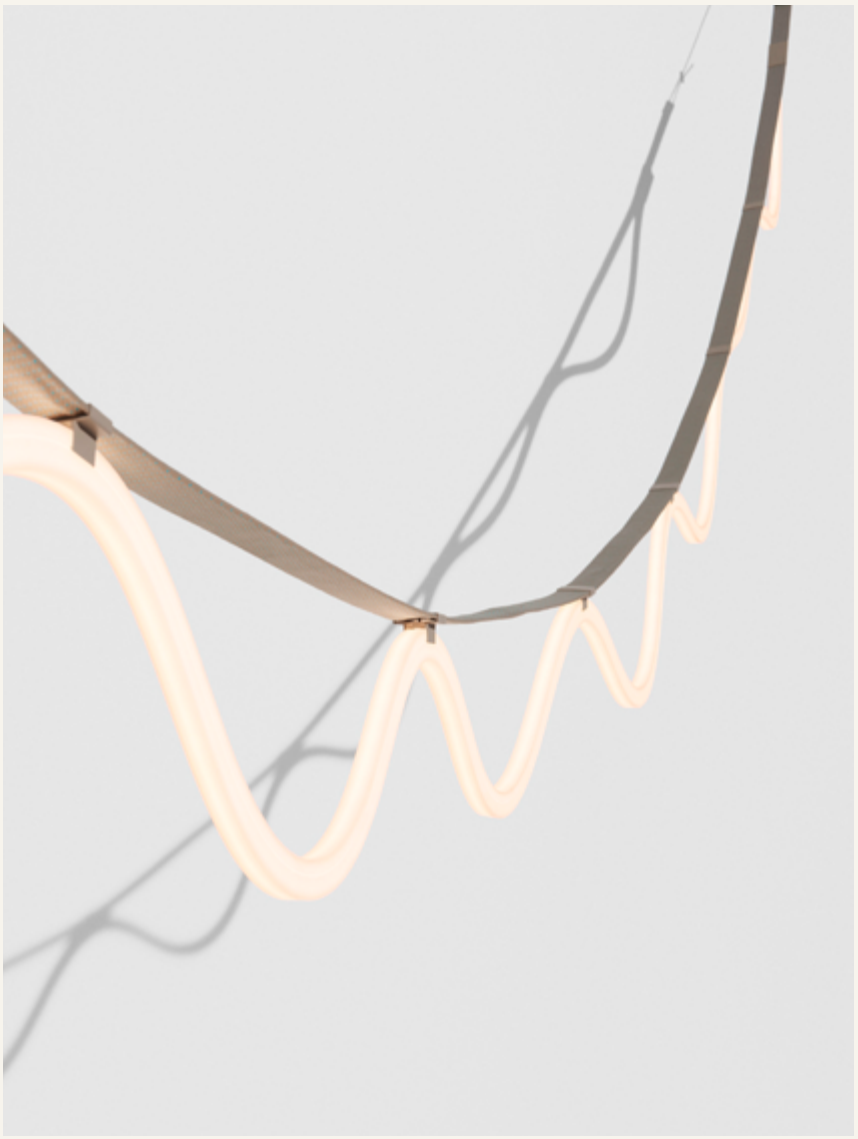

SPLINE

DAVID DERKSEN

SPLINE is a versatile LED pendant light designed for both indoor and outdoor use. Combining a festive yet minimalist aesthetic, it features colorful textiles and a continuous light strip. The modular design allows each part to be replaced. Every detail, from the satin-finished LED strip to the hardware, is crafted with precision.

Environment: indoor and outdoor

LARGE TABLE LAMP

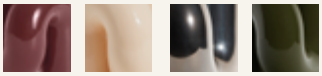

Materials: ceramic, glass
Dimensions: L13,4 in x H20,1 in
Weight: 14,6 lb
Technical specificities: IP20, dimmable, E26 socket (bulb advice: 2700K, 1000lm, ø55mm max), 60Hz, 110-120V
Certifications: CE, UKCA, UL

SMALL TABLE LAMP

Materials: ceramic, glass
Dimensions: L7,1 in x H10,2 in
Weight: 3,5 lb
Technical specificities: IP20, dimmable, G9 socket (bulb advice: 2700K, 500lm), 40W max, 60Hz, 110-120V
Certifications: CE, UKCA, UL

BRUSH

PIERRE CHARRIÉ

The Brush pendant light collection by Pierre Charrié involves working with the colour as an essential component of an object in relationship to the shape. The collection incorporates a selection of precious and highly technical pigments (ground mother-of-pearl) that gives the lamps a unique iridescent glow. Brush is a melding of geometric and organic lines.

BRUSH

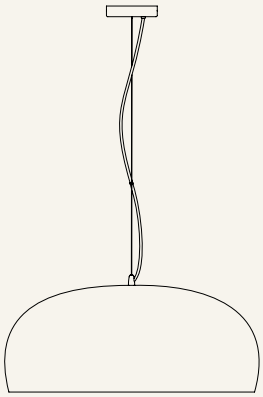

PIERRE CHARRIÉ

SMALL PENDANT LIGHT

Materials: ceramic, glass
Dimensions: Ø13,8 in x H5,9 in
Weight: 4,2 lb
Technical specificities: IP20, dimmable, E26 socket (bulb advice: A or G shape, H11cm max, 2700K, 1500lm), 40W max, 60Hz, 110-120V
Certifications: CE, UKCA, UL

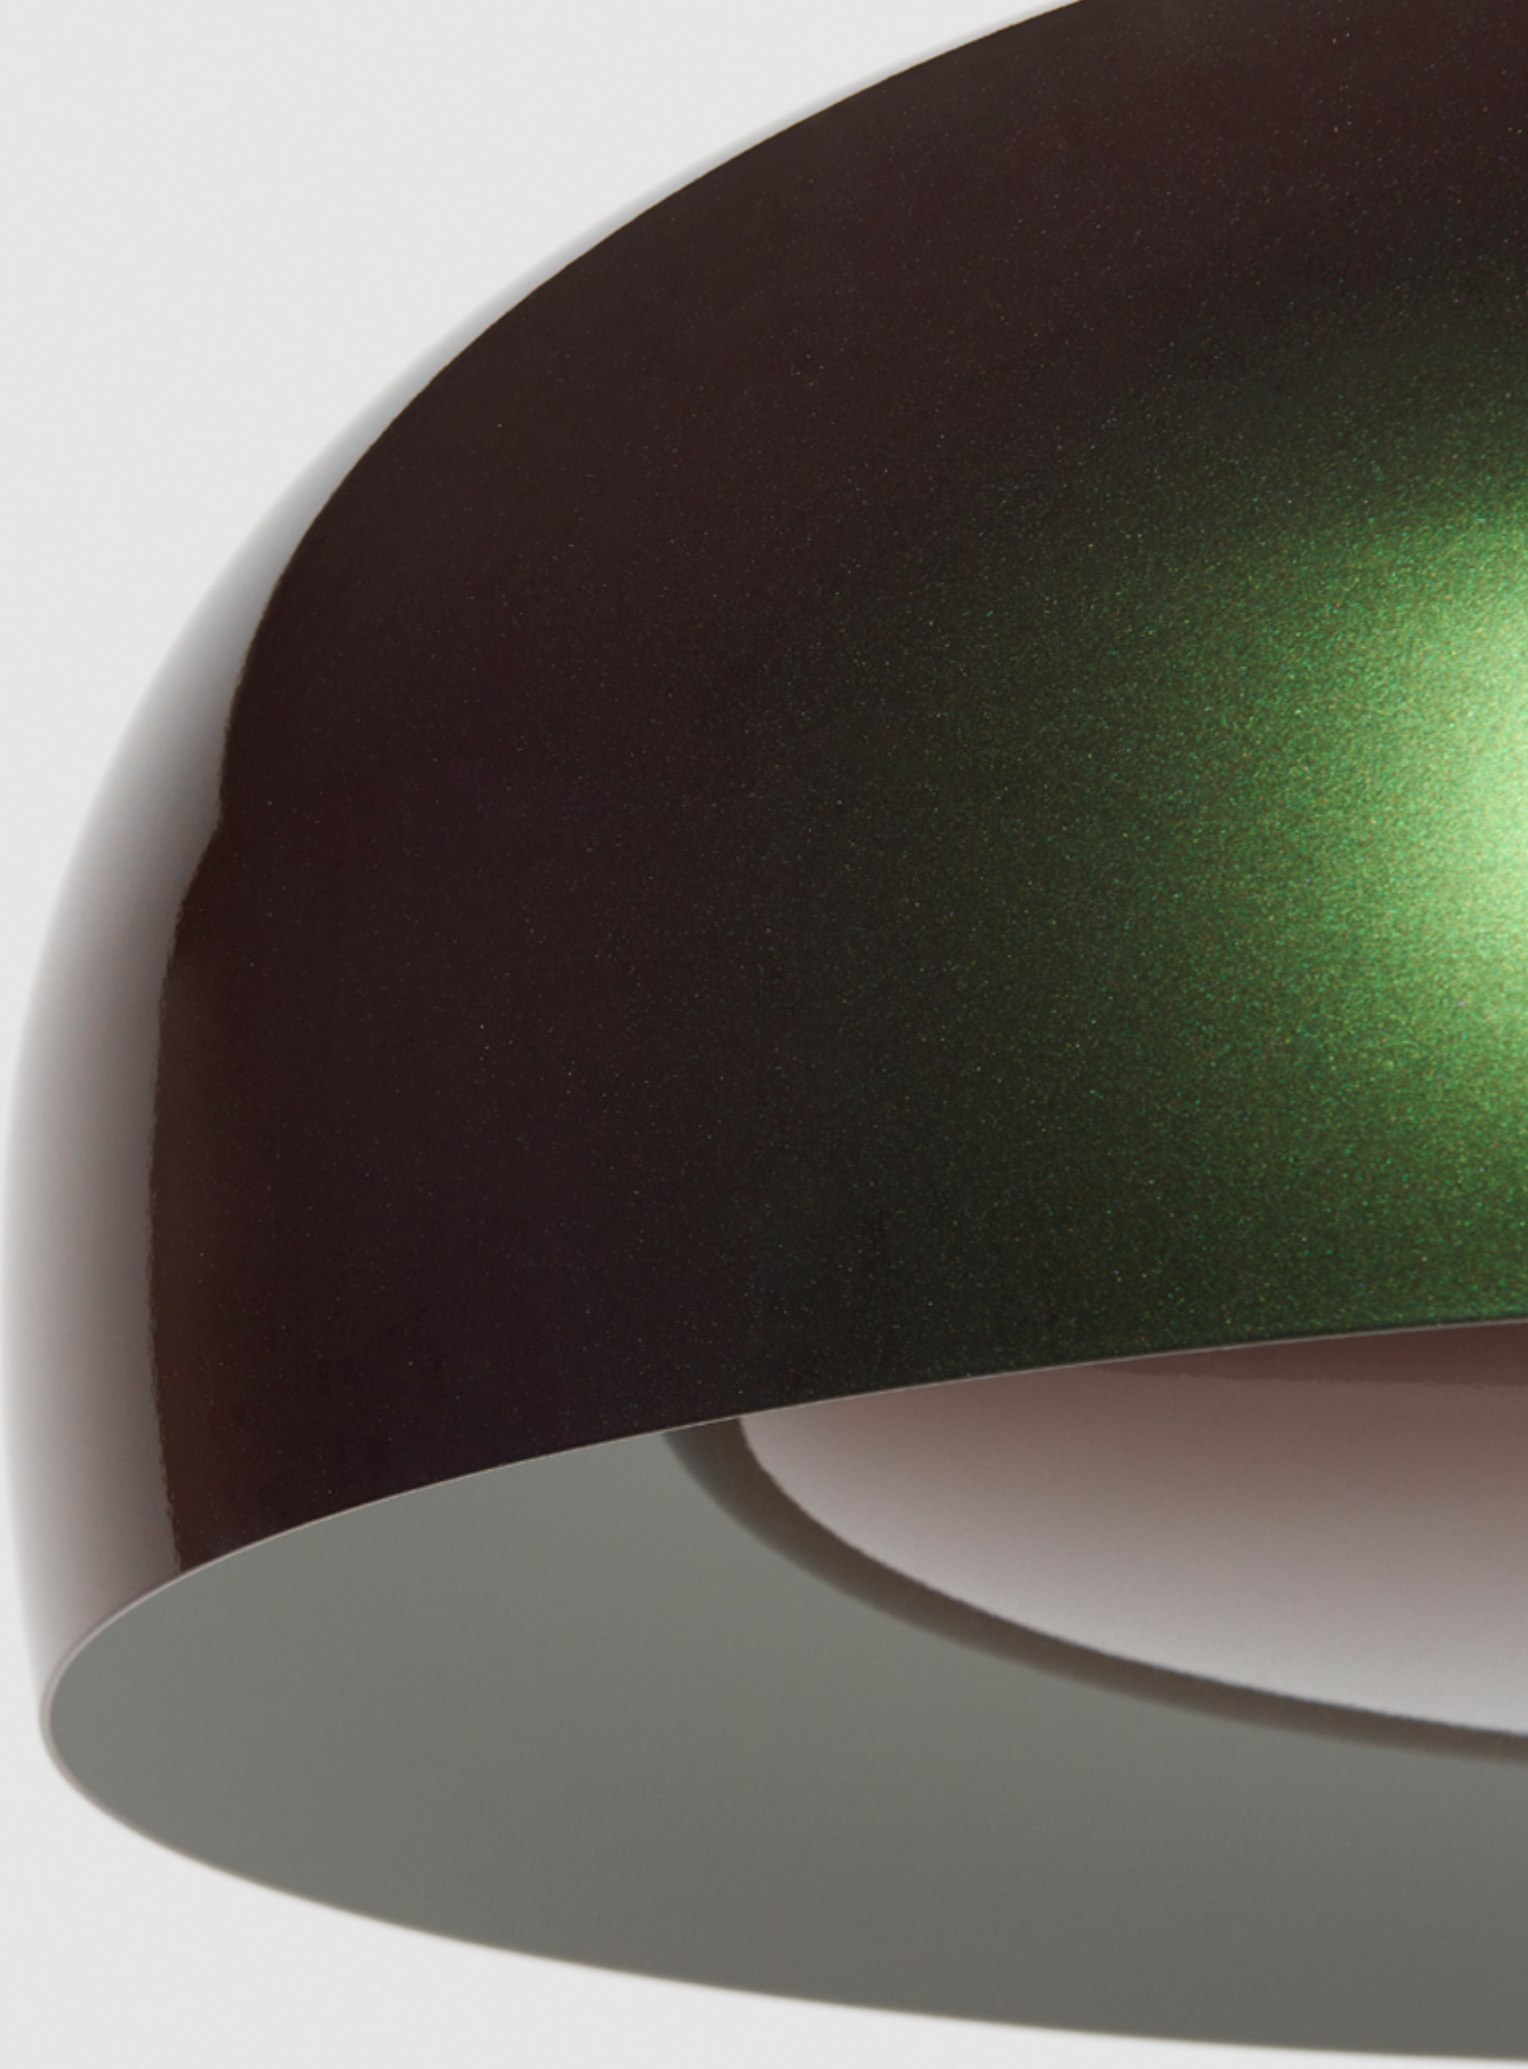

LARGE PENDANT LIGHT

Materials: ceramic, glass
Dimensions: Ø23,6 in x H9,8 in
Weight: 10,8 lb
Technical specificities: IP20, dimmable, E26 socket (bulb advice: H20cm max, 2700K, 3000lm), 40W max, 60Hz, 110-120V
Certifications: CE, UKCA, UL

QUASAR

SAMY RIO

A contraction of 'Quasi-stellar', Samy Rio's portable QUASAR lamp reflects the designers lie on the move, spent between time in the city and the great outdoors. Quasar is a cordless lamp that sheds light into your world. The powder-coated aluminium, circular shapes, and multicoloured rope give the lamp a fun, playful feel.

Technical specificities: 10W, CRI 85+, 2700K, 825lm, IP20, 60Hz, 110-120V
Certifications: CE, UKCA, UL

VERTIGO

CONSTANCE GUISSET

First released in 2010, the VERTIGO pendant light by Constance Guisset has become an icon of contemporary design. VERTIGO could be described as a 'cabin lamp': it's combination of weightlessness and graphic lines, well suited to both small and large spaces, helps create its own intimate space. With its ultra-light fibreglass structure pulled tight by velvety, the Vertigo lamp seemingly comes to life in a fascinating dance as it is gently rocked by the natural flow of air.

MEDITERRANEA

NOÉ DUCHAUFOUR -LAWRENCE

Inspired by the weightlessness “of laundry billowing in mediterranean balconies” Noé Duchaufour-Lawrance designs MEDITERRANEA, a series of light in brass and led. The collection is part of the designer’s approach who, through his projects, attempt to accompany the users in the quest to be better, by associating the functionality of an object or place to the research of an experience linked to its use.

TIDELIGHT

PIERRE FAVRESSE

Hand blown in a mold, TIDELIGHT is a lamp made in series in which each and every copy is unique. The textured glass, which is reminiscent of car industry codes, swathes the light bulb creating a diffused and warm light. The thick glass allows this lamp to be positioned on either the floor or on furniture, the stability being maintained by the square cork base.

Environment: indoor
Bulb lighting

UNSEEN

STUDIOPEPE

When light and sculpture become one ...
Developed in collaboration with the talented Milanese design duo Studiopepe ,UNSEEN is a set of modular curved LED-light tubes that seemingly float in space.
The collection is a sleek lighting ensemble, proof of astounding technical mastery and profound simplicity.
UNSEEN creates a unique visual language with symbol-like curves that sublimates the pureness of light.
The graphic lines of the lighting elements have been adapted to a range of wall and ceiling fixtures where each individual piece can be placed vertically or horizontally.
While emphasising on a playful and sophisticated design, Petite Friture has succeeded in releasing a collection that arouse emotions with its unique, elegant, and sensitive touch.

02 **FURNITURE**

SANDOWS

RENÉ HERBST

The Sandows furniture collection is a set of indoor seating designed by René Herbst. Petite Friture pays tribute to this pioneer of industrial furniture by reissuing the Chair N°212, the Armchair, and the Daybed N°114, bringing these pieces back to the heart of contemporary interiors. The clean, graphic lines of the frames, combined with the sandows that ensure ergonomic comfort, give the Sandows collection a unique originality. The tubular frames are made of chromed steel manufactured in Italy, and the sandows are made of rubber covered in fabric.

ECLIPSE

GARNIER PINGREE

The Eclipse furniture collection offers sculptural seating designed by the duo Garnier Pingree, Marie Garnier and Asa Pingree. This versatile indoor and outdoor collection includes a daybed, a lounge chair, a bench, and an ottoman. The swooping silhouettes are as much about minimal living as they are about movement.
The collection plays with simple shapes - half cylinders and cradles, and radiuses - infusing each piece with graceful, unexpected curves. It combines forms with high-spec material to create a sense of play, balanced with a simplicity of line.

FRANCIS

CONSTANCE GUISSET

To create the mirror featured on the FRANCIS tables and mirrors, Constance Guisset experimented with colours by adding pigments to water then observing how they spread and bloomed to the surface. Laid flat, the mirror turns whole notion of reflection on its head. Be it illusion or fascination, it is surely surprising.

Environment: indoor

*outdoor **outdoor & Week-End only

CUSTOMER-SPECIFIC FABRIC CUSTOMIZATION UPON REQUEST (COM)

Fabric of the Week-End and Eclipse collections can also be customized with given fabric.
This fabric must be compatible with the product shapes.

04 DECORATION

DONUT

PIA CHEVALIER

Pia Chevalier was inspired by the world of pastry as she concocted her DONUT collection. The ceramic mugs look almost edible with icing-like enamel and dough-nut-shaped handles. The DONUT's mouthwatering design whets the appetite with a delicious range of colours and a delightful choice of sizes: Espresso and Mug.

Weight: 0,7 lb

KLUMP

HENRIK ØDEGAARD

Henrik Ødegaard's first collection with Petite Friture, KLUMP, is a collection of ceramic hooks incorporating the designer's trademark organic and playful shapes. They can also be used as abstract wall sculptures. Made in Portugal, the glazed ceramics boast a unique and artisanal look.

Weight: From 0,2 lb

BUBBLE

VAULOT & DYÈVRE

The BUBBLE hook collection, created by the design duo Vaulot & Dyèvre, draws on the unique shapes of soap bubbles in a creative new take on the traditional coat hook. Natural light passing through the hooks onto the wall behind highlights the duality of the material as both transparent and intensely coloured.
